Too bad you can't go higher, huh? I don't get it or what?! WOW!! especially because I threw flowers & Is Mike Steffens a cutie or what?! Your "upper class" well-be good next year - I won't be around to watch after you! Good luck in your upper class years! Take care & remember me when you hear a Steve Taylor song or see a picture of Tom Selleck!! You're really neat & I wouldn't have made it through History without you, Chick... Bye Sweetie!

"Somewhere in Time" was the theme chosen for 1984 Homecoming. Argonauts, alumni, and friends were taken on a journey through six different periods of time. The journey included brief stays at the Renaissance Period, Colonial Period, Civil War Era, the 1890's, the Roaring 20's and the Modern Period. The Class of 1985, for the second time, won the title, "The Most Spirited Class."

Friday, November 2nd was very memorable for the many people crammed into the North gym. Many felt that it was the best Homecoming assembly they had ever seen. The alumni seemed surprised at the amount of spirit the classes showed. Many said it made them proud to be an alumni Argonaut and brought back fond memories of the special feeling of Homecoming. The returning cheerleaders, songleaders, and flagtwirlers all did an excellent job and showed a lot of spirit. The Argolog is Garden Grove High's school newspaper. The staff is a very devoted team of journalists that work hard each month to put out a quality newspaper. It consists of school information, important issues, school sports, and assorted feature items. This year the Argolog has made an important step in incoperating community news as well. The Argolog staff is just one of the many devoted staffs at Garden Grove High.

The Argolog would not be possible without the skill of *Ms. Dvorman.*

"Splash of the Eighties" was the theme chosen by the 1984-85 Yearbook Staff. Through many smiles and tears we meet our deadlines as well as made friends. We worked hard all year to capture the special moments created by you — the students. Thanks to the cooperation of the teachers and the involvement of the students, this publication has been made possible. We tried to capture as much as time and space would allow. This publication we dedicate to you in hope that it will bring back the fond memories which made your year at Grove unique.

On Friday, February 8, 1985, our traditional Winterfest was held. Lots of bubbly students and sport-boosting parents anxiously awaited for the appearance of the Argo Varsity Basketball Team. After the first half of an "awesome" game, the crowd burst with excitement as the Prince and Princess from each class were announced. *Shari Lopez* tearfully smiled as she was announced Freshman Princess. She was accompanied by *Mando Yruretagoyena*, Freshman Prince. All Sophomores cheered as *Hector Alvarado* and *Billie Clark* were crowned Sophomore Prince and Princess. The Junior class were proud to have *Nicole Jacques* and *Joel Miller* represent them. *Alicia Ramos* and *Steve Nash* were announced King and Queen of the 1985 Winterfest. The *Seniors* were named *"Most Spirited Class."* The Junior class placed second. Sophomores were third, and Freshmen were last. The basketball game was a tough but intriguing game against La Quinta. Final score: Argos 50, La Quinta 60. School Spirit was certainly shown in the 3rd Annual Winterfest Game and Dance. The spirit of Winterfest will definitely continue throughout the coming years.

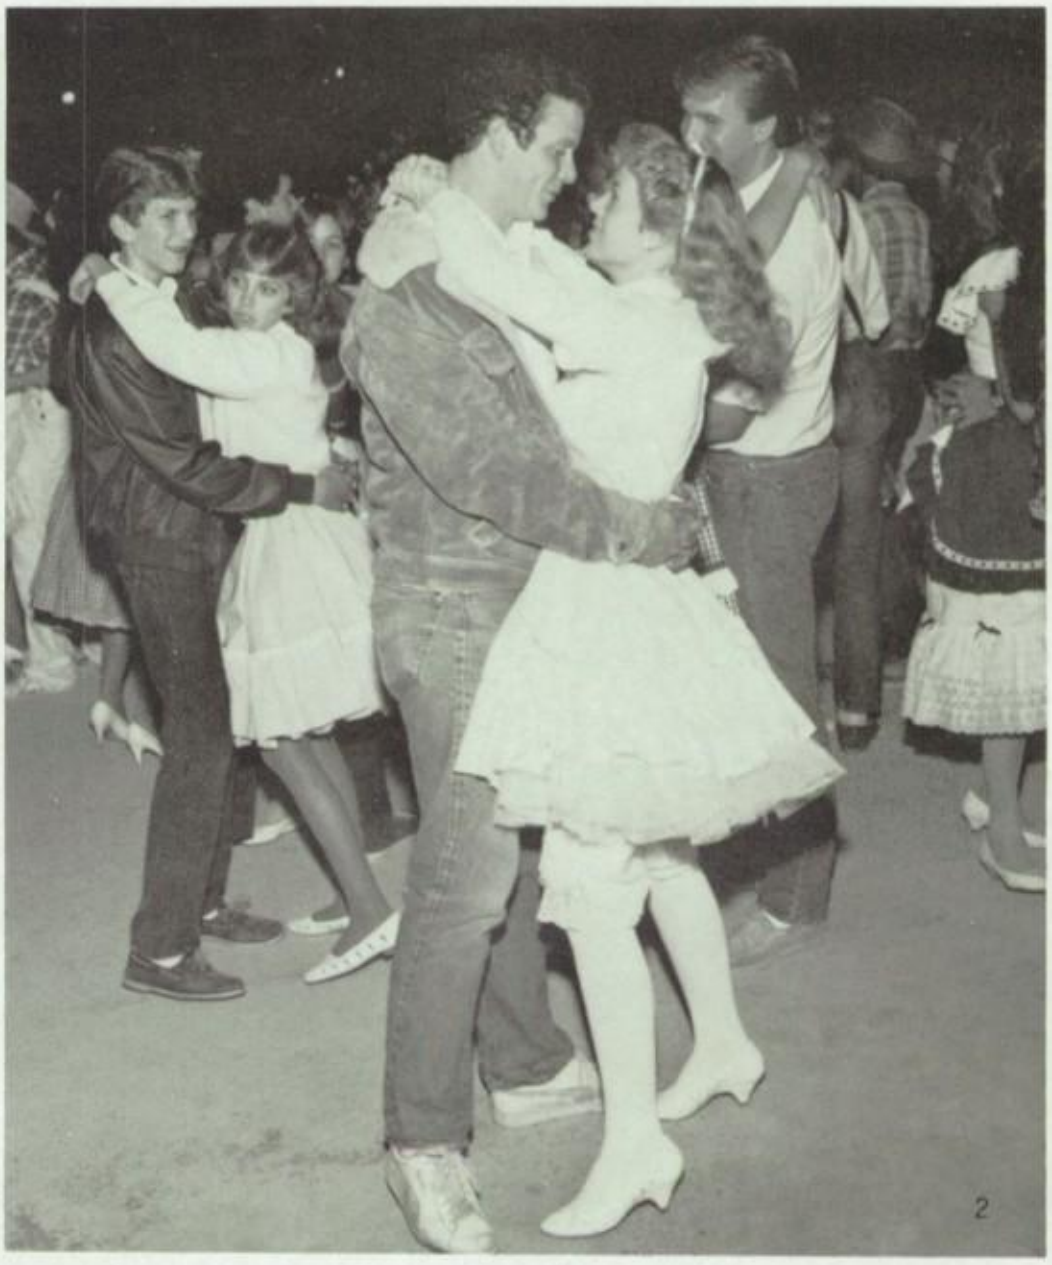
Western Roundup



The 1984 Sadie Hawkins Dance was a fun filled evening from beginning to end thanks to the dedication of Girls' League. It was held at the Knott's Berry Farm Gold Rush Camp which really gave the dance a western atmosphere. Two bonfires were lit at dusk to keep everyone warm from the night chill. The annual hitching post and pictures came in handy for those young couples eager to become newlyweds. Thanks again Girls' League for a memorable night.

Your beautiful smile brightens up everyone day! May God always Bless you Adriene! You are very special to me. You have made a great impression on me! I'll come back and see you starring in musicals next year!

Track 84-85

One of the most demanding sports at Garden Grove High School has always been track and field. It has been a hard driving sport since the introduction of the Olympians hundreds of years ago. Track requires a lot of physical and mental training before it all pays off at league finals. Our track team is committed to success, and has always done well in the meets. But all would not have been right if not for the terrific coaching of *Mark Mariola, Dewey Van Cleave, Gary Craig,* and *Tom Rock* who together form an unbeatable force of experience and intelligence. They took the willingness to learn and hard work and turned it into talent. It was an outstanding year.

Dedication to players:

As your coach, I have never been more proud of a team than this year's volleyball team. You showed great discipline, skill, and courage throughout the year. The hard work paid off, and I hope you have gained a very valuable experience in learning you can do anything you want to if you believe in yourself.

Love, Coach "P"

Once again, the awesome girls' basketball teams ended the season with a mighty splash of Argo pride and excellence. Coach *Cindy Pommel* (V) and Coach *Sharon Smyth* (JV) will be well remembered for their outstanding coaching ability. Although the varsity team had a disadvantage in height, their quick speed and action made up for the lost inches. Sadly, we have to say our goodbyes to our senior Argos — *Patsy, Kathy, Karen,* and *Leslie*. We thank you for your dedication. Good Luck!

The 1984-85 school year proved to be successful, once again, for Girls' League. Putting a new twist on the old western round up, Girls' League sponsored the Sadie Hawkins at Knott's Berry Farm. They also sponsored the Co-ed which was held at the Disneyland Hotel. Also, with the famine in Ethiopia this year, Girls' League donated part of their funds to help the starving children and supported the Toys for Tots drive during Christmas.

Ed Peterson teaches, both on school time and during a great deal of his own personal time, many instrumental music groups on campus including the seventh period Jazz Ensemble and the Orchestra Strings. He rehearses Grove's musicians towards goals that are both public, such as competition festivals, road tours, and trips to amusement parks, plus more school-related concerts and pep assemblies. However, at the same time he works on sharpening the musicianship of all concerned in hopes that members will go on with their music after high school.

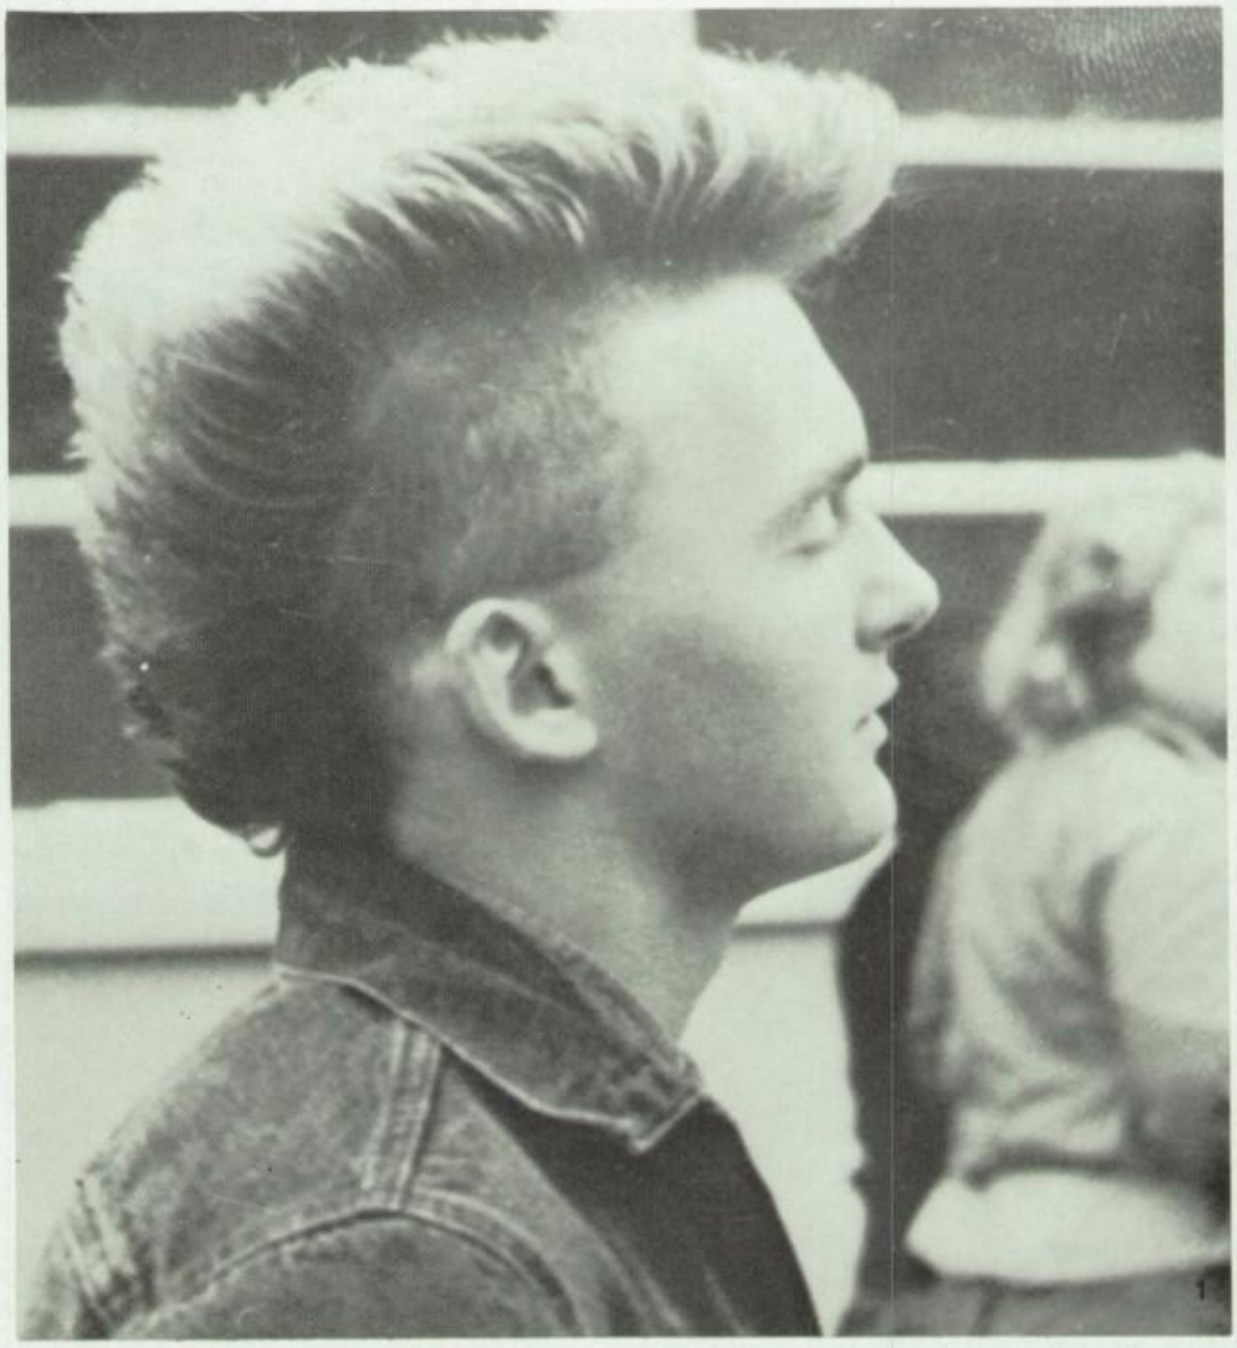
Mr. Carlson joined the Garden Grove High School faculty eight years ago. He teaches several music classes as well as a spanish class. With a bachelor's and master's degrees in music from Cal State Fullerton, *Mr. Carlson* is obviously well qualified in the field of music, and engages this talent in activities outside of school as well as inside school. He has been an organist and choir director at Community Presbyterian Church in West Covina for ten years, and he is also in charge of the Garden Grove Community Chorus. *Mr. Carlson* is a hard working teacher who helps his students reach the height of their abilities.

I really appreciate
your devotion to
improving your voices.
You've come a long
way. Have a great
summer!

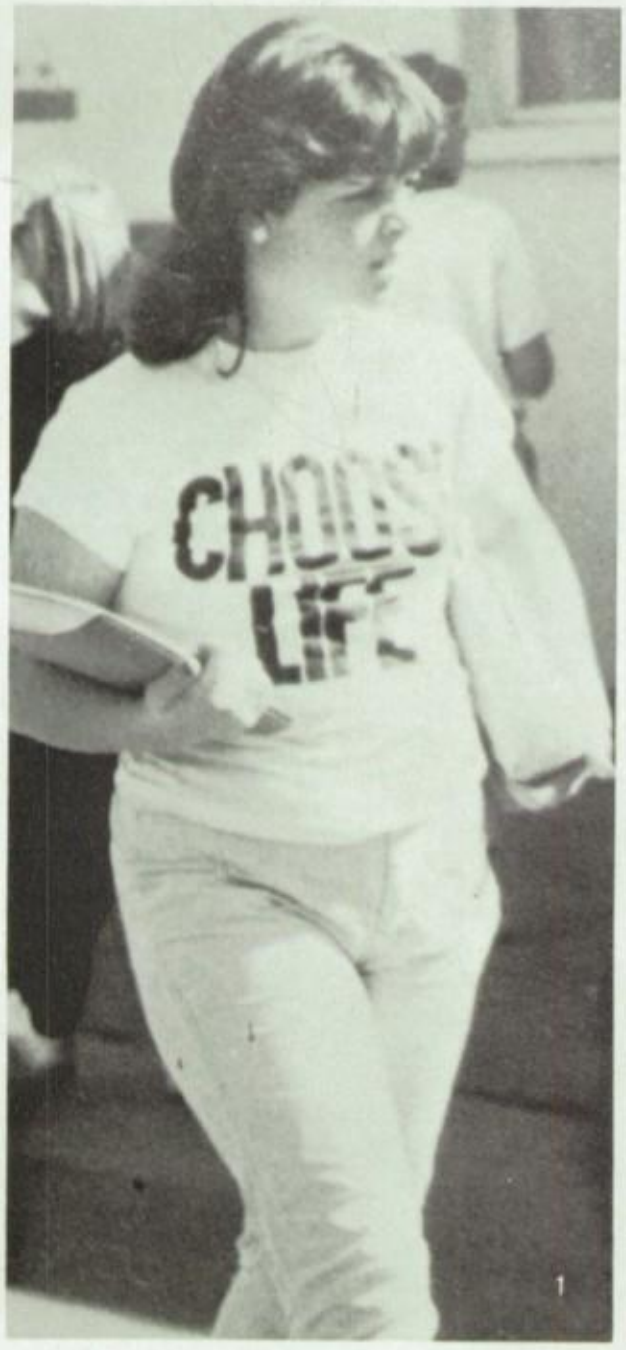
Trends

Many trends splashed through the school year. Whether *Charmaine Barton* was wearing leopard skin tights or *Todd Snyder's* mohawk was sticking up above the crowd; everyone came to school dressed in their own personal styles. While Mods drove up on their British clad Vespas, you could hear the sounds of the "Grand Master Flash" coming from a radio. Neon colors could be seen around the campus flashing the latest insignias of "Choose Life" or "Frankie Say . . ." All of these people are being themselves and showing their individuality in today's society. They are truly splashing through the eighties!

1. *Todd Snyder's* fashion hairstyle
2. *Charmaine Barton's* individuality was expressed in her bizarre styles.
3. *Lea Knight* and *Lisa Turner* have their own fashion ideas.



in the Eighties



1. Wham UK insignias of choose life were seen around school.
2. *Norman Truman* showed us that "Punks not dead."
3. *Scott Bakay* portrayed the English Mods.
4. *Pierre Habis* models the GQ look.

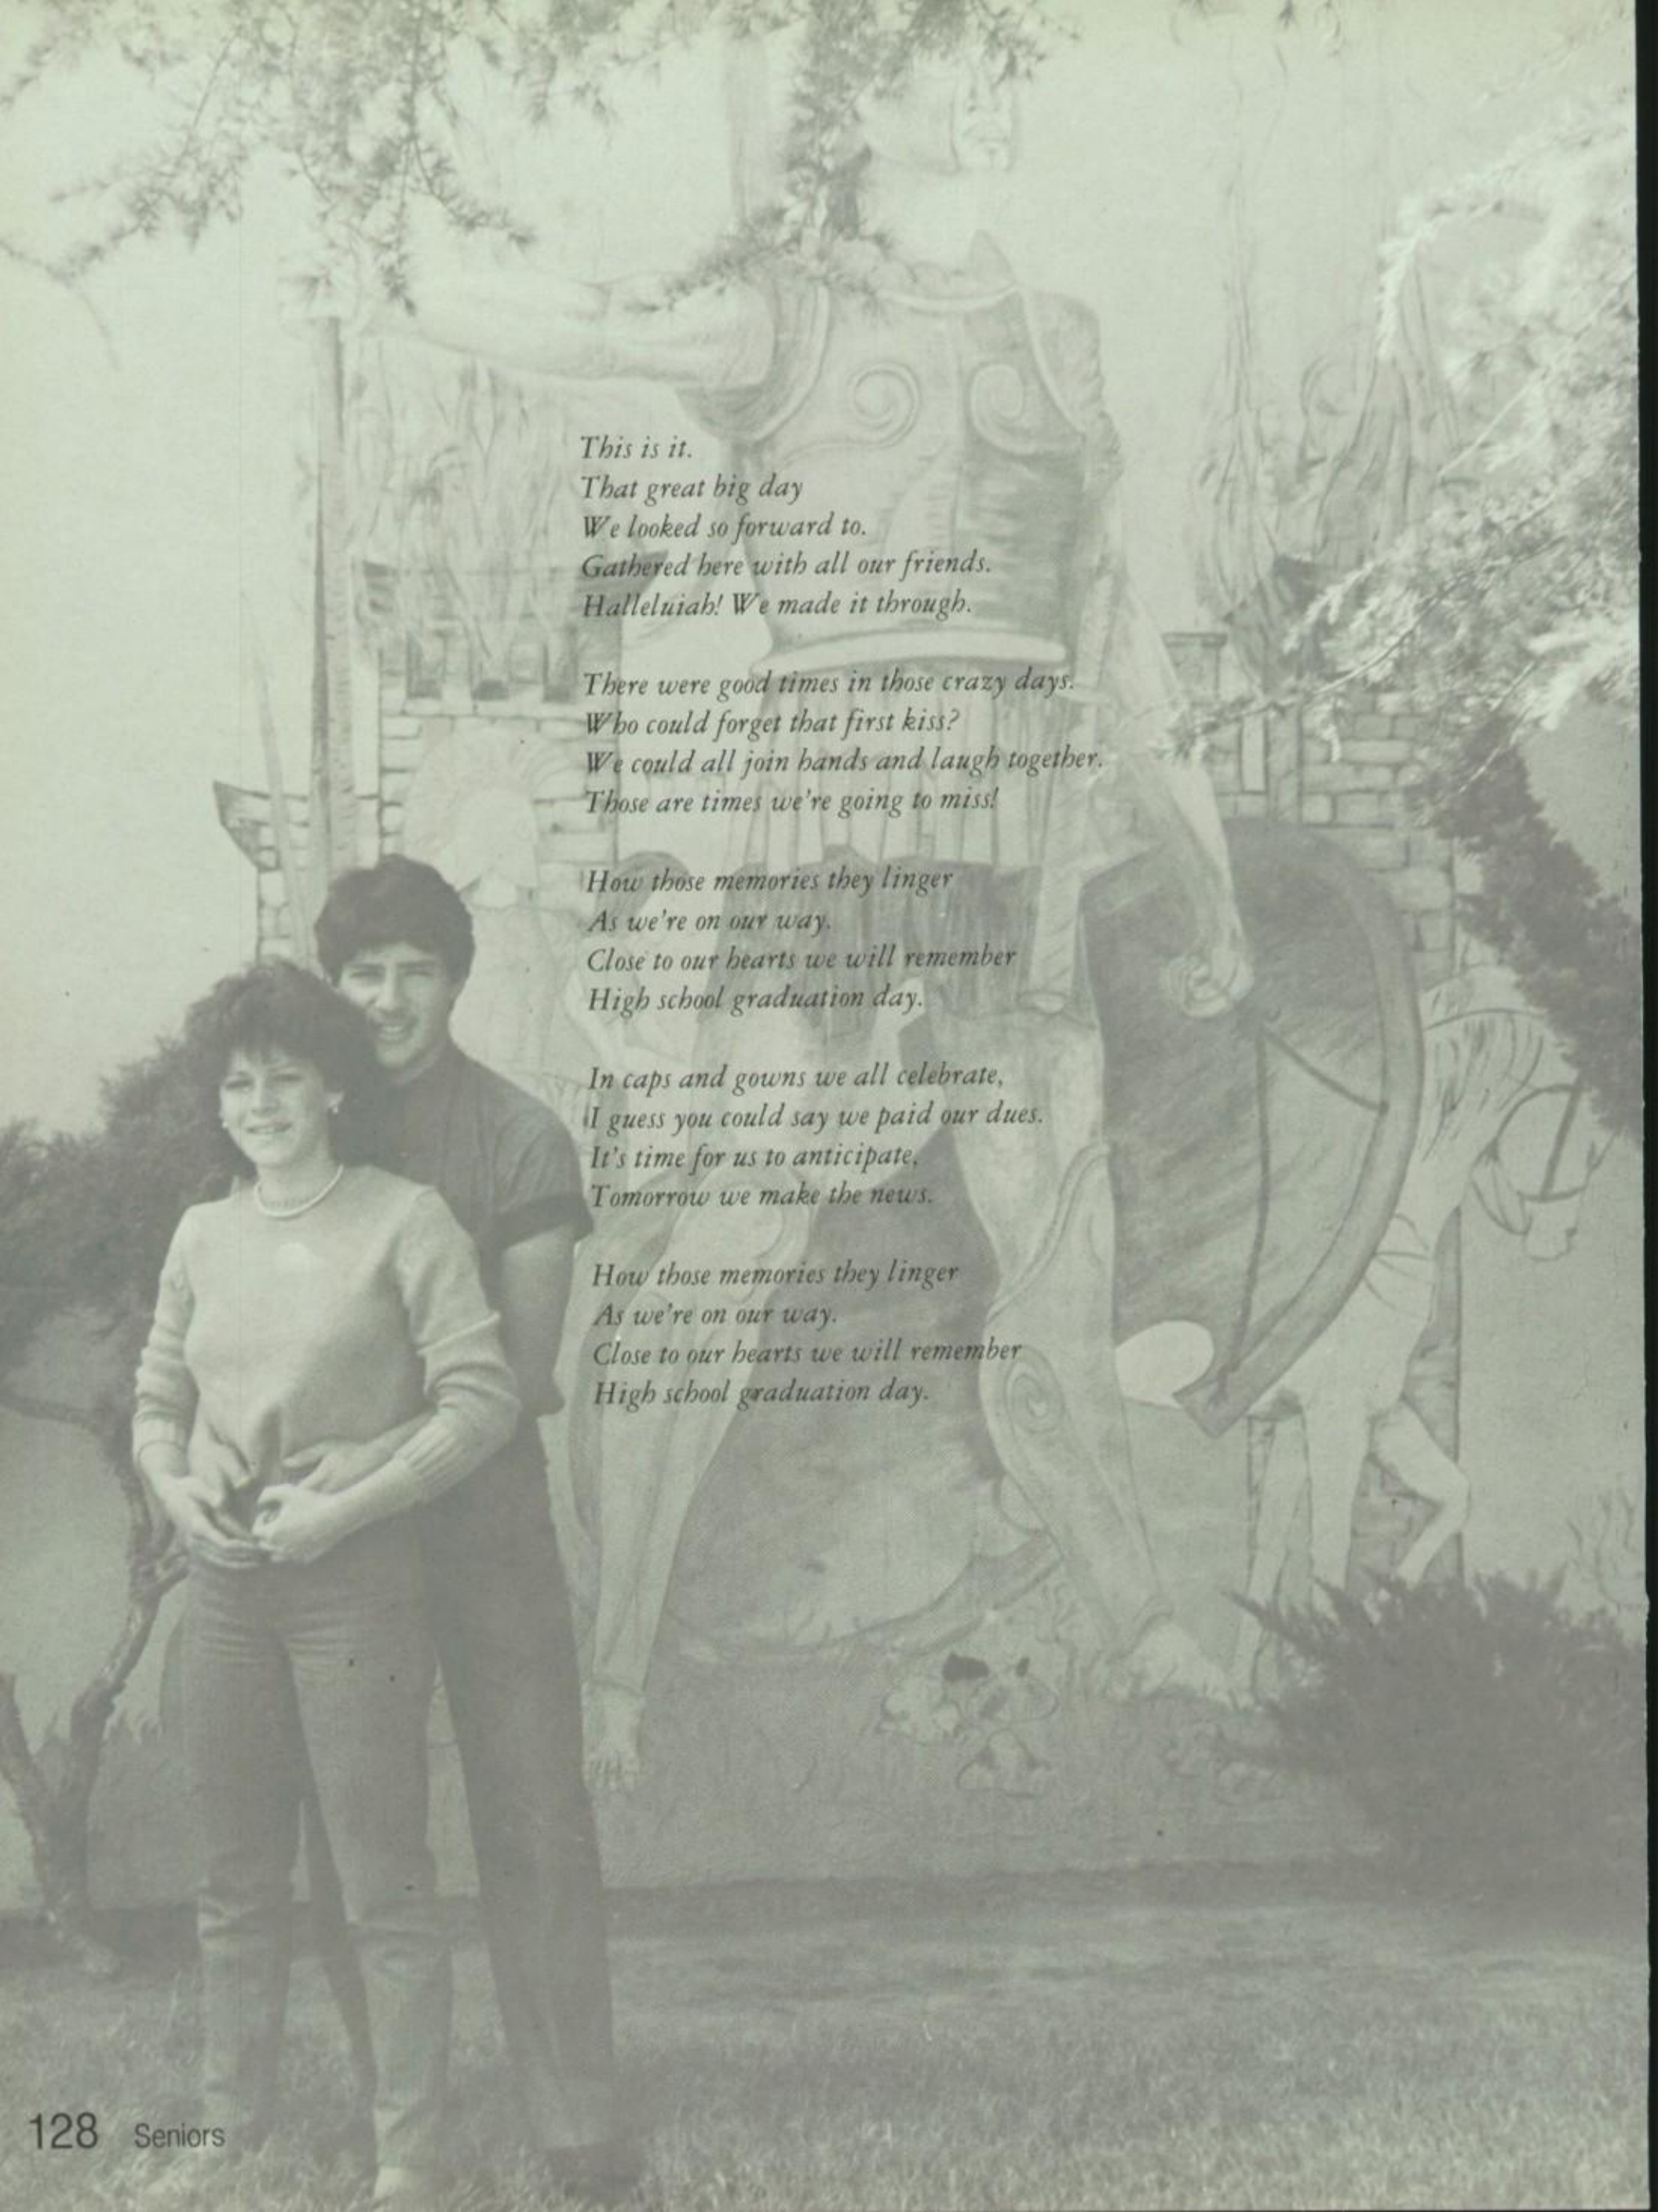
Seniors



This is it.
That great big day
We looked so forward to.
Gathered here with all our friends.
Halleluiah! We made it through.

There were good times in those crazy days.
Who could forget that first kiss?
We could all join hands and laugh together.
Those are times we're going to miss!

How those memories they linger
As we're on our way.
Close to our hearts we will remember
High school graduation day.

In caps and gowns we all celebrate,
I guess you could say we paid our dues.
It's time for us to anticipate,
Tomorrow we make the news.

How those memories they linger
As we're on our way.
Close to our hearts we will remember
High school graduation day.

Seniors, we're brokenhearted to see you go.

Dr. Lou Cangiana

Dr. Lou Cangiano, our new principal.

Dr. "C" 's little red Corvette.

Dr. Lou Cangiano was born in New Haven, Connecticut on May 4, 1927. He attended Hillhouse High School which was on the campus of Yale University, and then on to CSULB, UCI and finally received his Ph.d at the University of Western Colorado. He participated in gymnastics, track and field, javelin throw, and shotput.

Dr. Cangiano is married to *Mrs. Nancy Cangiano*, his wife of twenty seven years who now teaches at Oceanview Elementary School. They have five sons, the youngest is eighteen years old, and the oldest is twenty-seven. They currently live in Anaheim but are planning to move to Irvine.

Dr. "C" 's interests include exercising which consists of jogging four miles a day, new cars; the current beauty is a little red 1985 Vette, and nice clothes.

Commenting on his aims for this year, *Dr. "C"* said, "I want to help the students erase the stereotypical "principal" and see him as a person who wants to help them and who will listen to their problems. And to the faculty, *Dr. "C"* wishes them happiness and fulfillment out of their teaching and to leave the school with a pleasant feeling and not one of relief.

His goal for next year is to do the best job possible for Grove. His reflections on GGHS consist of a noticeable tradition that binds the students together unlike other schools.

We would like to welcome *Dr. Lou Cangiano* to Garden Grove High School and we hope that he will find as much fullfillment in our school as he did at La Quinta.

Dr. Cangiano discussing the lighter moments of his childhood.

"They're always welcome to the candy."

"Let's catch someone doing something *Right*."

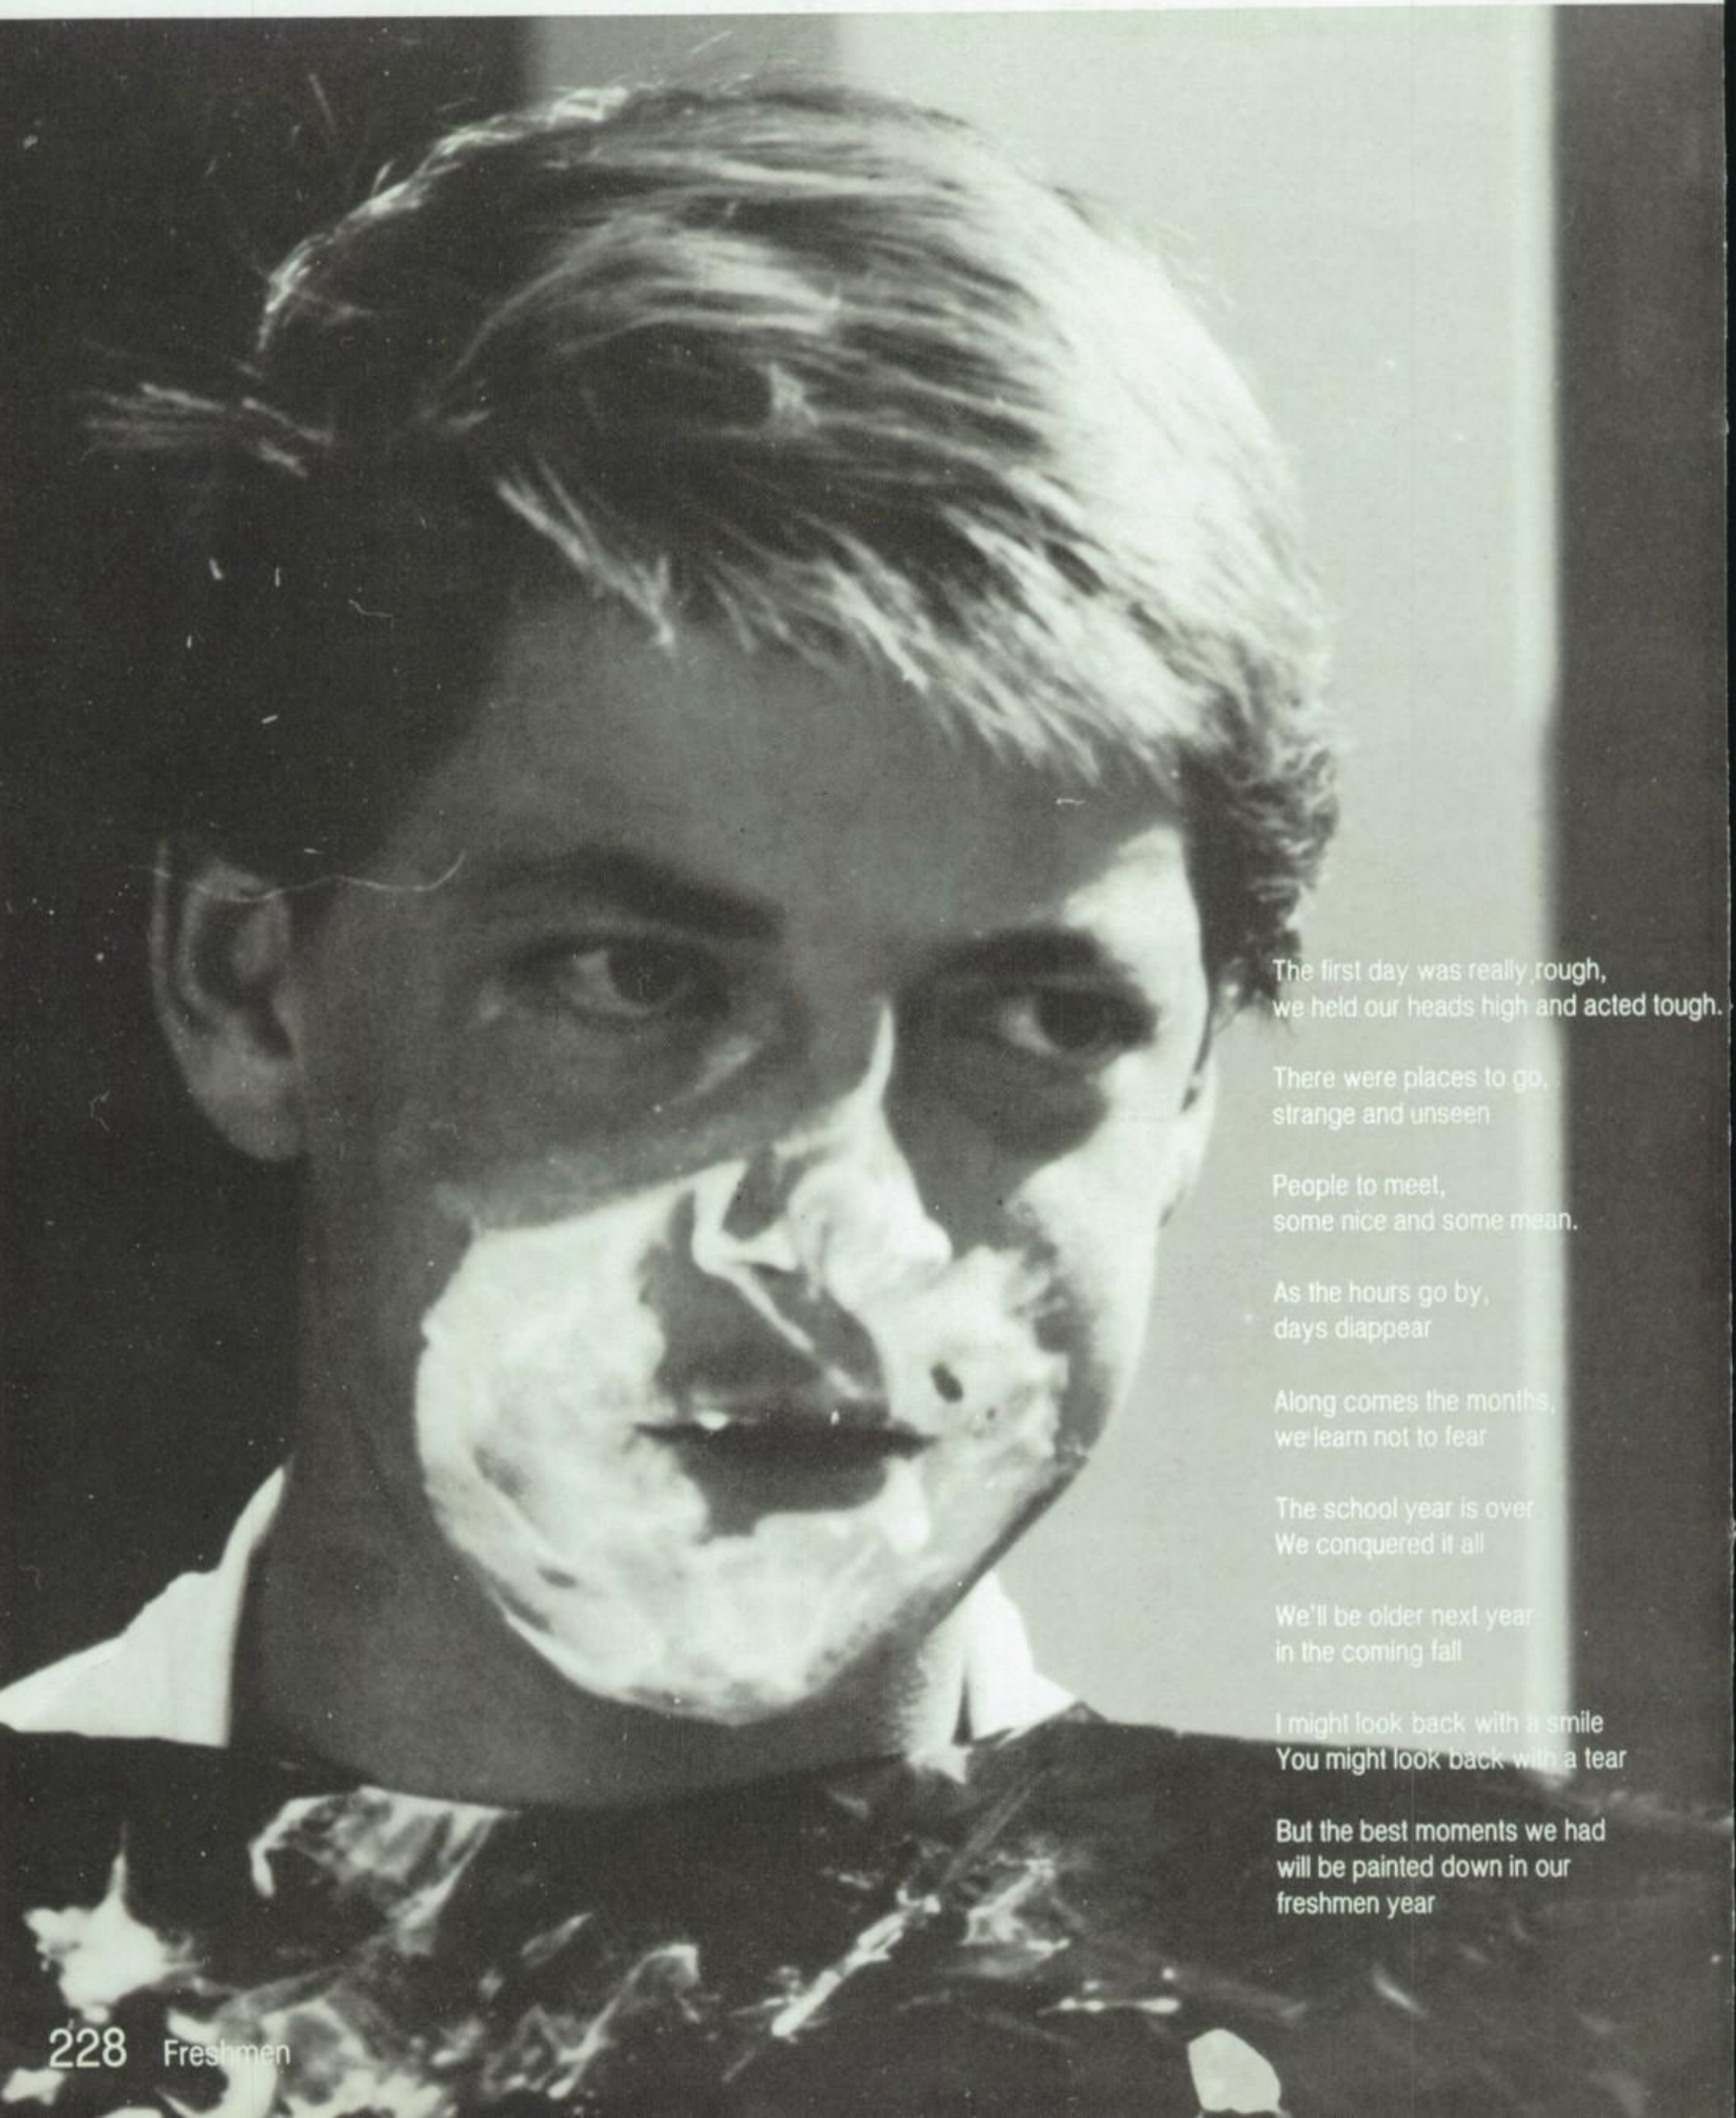
Freshmen showing their Argo spirit at a pep assembly.

Freshmen



The first day was really rough,
we held our heads high and acted tough.

There were places to go,
strange and unseen

People to meet,
some nice and some mean.

As the hours go by,
days diappear

Along comes the months,
we learn not to fear

The school year is over
We conquered it all

We'll be older next year
in the coming fall

I might look back with a smile
You might look back with a tear

But the best moments we had
will be painted down in our
freshmen year

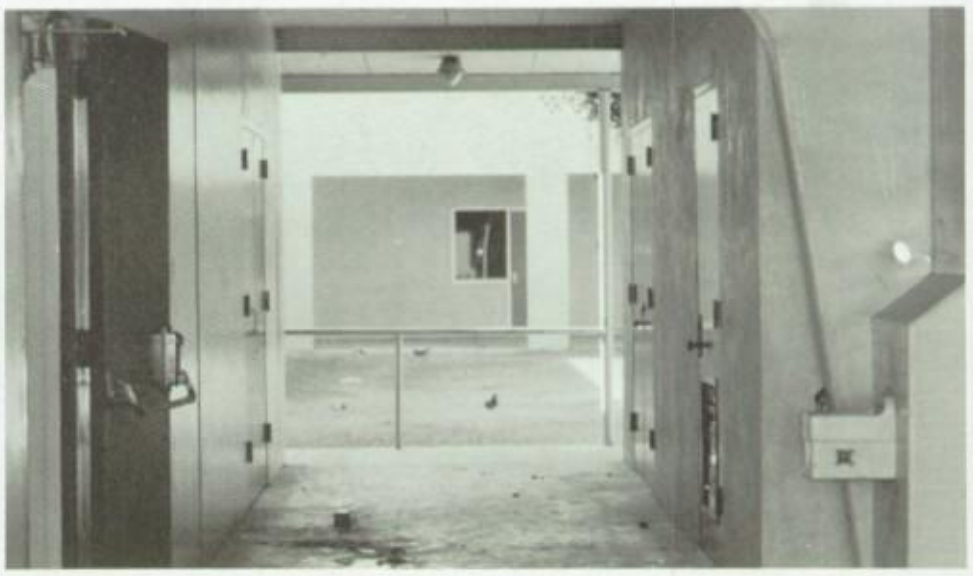
Dr. Edward Dundon



Our newest hallway

Dr. Edward Dundon is the superintendent of The Garden Grove Unified School District and has been for eleven years now. This year Dr. Dundon has sponsored the making of the new hall giving students a shortcut from the Fine Arts building to the Home Economics building therefore eliminating the troublesome detour of having to walk around the Fine Arts department in order to reach the Home Economic center. We would like to thank Dr. Dundon for his generosity.

Principal

Dr. Pedro Garcia

Dr. G's handsomest smile.

"You don't believe God is a Trojan?"

On October 21, 1984, Dr. Pedro Garcia married Dr. Priscilla Bartrich, formerly Helen of Troy at USC. They now reside in the San Fernando Valley.

Dr Garcia was born in 1946 in Cuba where he lived until he was fifteen years old. His hobbies consist of photography and collecting records. He has over 800 records not including those that have been added since his marriage. He is a fun loving guy with many pranks up his sleeve and he has an incredible sense of humor. Most people at Grove, however, think that since Dr. Garcia is "the principal," he is not someone they can kid around with. If you see him along the hall, give him a smile, chances are that he will return a smile with one of his own. GGHS loves you big "G."

Adrienne,
I've enjoyed having you in class, even though you struggled in here. I guess Algebra is just hard for you. Anyway, what does an actress need algebra for? One day I will probably see you in a movie or on TV & I can always say, "I had that lady in Algebra!"
affectionately, Uncle Sam

Assistant Principals

Mr. Jim Morrison

Mr. Morrison in one of his lighter moments.

This is Mr. Jim Morrison's first year at Grove as Assistant Principal. Mr. Morrison was formerly with Rancho also as Assistant Principal. Mr. Morrison's job consists of counseling the students regarding their behavior and attendances and is in charge of the upkeep of our facilities. We bid Mr. Morrison a warm welcome and hope that he will enjoy his stay here.

"Hello, double trouble."

Mr. Bill Langan

"Can we have a minute of your time Mr. Langan?"

Mr. Langan's job consists of evaluating the teachers and is the sponsor of our many many activities here at Grove. Though his job requires the disciplining of the students' behavior, he is a great favorite of the kids through his fairness and the way he struts down the hallway giving everyone a friendly smile.

"I see no problems"

These are the calculators, the people who help us sketch our paths to our future. Often we forget their dedication and their assistance. Yet without their support and their wealth of knowledge, there would be some out there who will never know what their future holds. When you see one of them walking down the hall, stop and thank them for all the advice they have given you.

Advice is like snow; the softer it falls, the longer it dwells upon and the deeper it sinks into the mind.

— Samuel T. Coleridge.

Our nurse is a specialist whose main function is to strengthen the educational process by improving the health status of all students by assessing and evaluating their immunization record.

I wish to thank my friends at GGHS for making my years here the best ever. Thanks Alicia, Chip, Kathy, Bob Jennings, Kim Starr, Veto Becerra, Danny Goodyear, Jeff, Terry, Brian Leighton, Carlos Ornales, Eric Kannoi and Tom Stepanevich and a special thanks to my two best friends Keith and Lance Mowdy. I'll never forget you. Thanks Mr. Allen and Mr. Rawls for everything you've done for me. Thanks to Mr. Garcia for giving me the chance to go to GGHS and play baseball and football. I'll never forget that. Thank you. Congratulations to the class of '85. We finally made it. Thanks to my cousine Art Alvarez for letting me use his security blanket (his van). Thanks to my family, I finally made it. I love you all. Remember that high school is full of memories and what's too painful to remember we choose to forget. So it's laughter we will remember when we remember the way we were. If we had the chance to do it again, would we? When you read this I hope you can think of me and smile. So I leave Grove with a memory. Best of luck and may God be with you and your family. I'll miss you all.

First, I want to say "Thank you" to everybody who taught me and helped me last four years especially Jae, David, Fred, James, Peter, Lori, Soo, Sam, Yong, Kae, Kenny, and Kim. What unforgettable four years I went through with these people. We made a lot of beautiful never-to-be-forgotten memories: Coed, fishing, F-papers, tennis, football games, and a lot more. I have a nickname which I heard more than my real name during last four years. I used to hate that nickname, but now I cannot live without it. Jae, David, Fred, and Peter are crazy drivers. David and Fred hit the homerun everytime with tennis ball. All of my friends have some kinds of loves, but I do not. I think that is only sad story in Garden Grove High School. I really hate to separate from those people I wish we can meet again someday, Oh! I almost forgot that I am going to invite you to my wedding.

Alex Alvares, Keith Mowdy, Jeff Terry, Chip Hauer — Boston.

The 1985 year at GGHS brought in many changes to the old tradition, but one change stood out as a beginning of something we hope will last; the first annual airbands. With the hilarious antics of Julie Andrews, the live recording of U2, the sensational moves of the Time to the wild and woolly performance of Boston, the performers brought the house down for an exhilirating night at the Don Wash Auditorium on February 4th, 1985.

The Airbands, a brainstorm of *Lisa Newman,* brought in $1200 profit for ASB and the senior class. Each winner received fifty dollars cash prize in each category. Because of their outstanding performances, two of the categories tied: the Class Group with Julie Andrews and U2 and the Mixed Group with The Time and Cindy Lauper. Although the rest did not receive prizes, they were much appreciated by the audiences for their courage to appear on stage and for performing to the best of their abilities.

Good-Bye to a Year of Splashing Fun!

Yearbook Staff

We, the editors, would now like to acknowledge and thank everyone who has helped to make this yearbook a successful one. First, we would like to thank the faculty for its cooperation and especially *Mr. Langan* for all his understanding and fairness during conflicts and struggles throughout the year. We would also like to thank *Joey Guerrero*, our Chief Photographer, for his total dedication to the staff — always trying his best to meet our needs.

Now, finally, we would like to give thanks to a person who has kept our yearbook staff together; a person who has always been there to help us with our problems — *Ms. Maroney*, our advisor. She has shown us what dedication, responsibility and hard work means and although sometimes we didn't show it, we do appreciate it!!!

Last but not least, we thank the staff itself for meeting their many deadlines and for working long hours to produce the best!

This school year has been a year of many different changes, and the yearbook staff has tried their best to capture these moments for you to remember in the years to come. We hope that you won't let these precious years just slip by, but grasp them and live each moment to its fullest! Then you can say that it really was a year of SPLASHING FUN!!!

Sincerely,

Adrienne,

Well baby, this it oops! [redacted]. What are ya gonna do without me and vice versa. Well, we'll see a while since I'm still in high school. We're gonna have so much fun this summer. Thanks for friendship you've given me, through the good times and the bad times. And boy were there some bad times. But God brought us through them and grown us closer to Him and each other because of it.

Aid, I have seen such a big change in you this past year. You went from being the saddest, shyest girl at the church to be the happiest and longest talker I've ever known!! Praise God for that change. And praise Him for the friendship we have. I've been so blessed by it. What a woman you are. So many memories like the Door and Dilcum and Chinese fire drills!! I love Ya!!!

Your sister in Christ,
Denise René Leeple

LUV Yours

To Adrienne: Who kept me company in Mr Finis' class. What would I have done without you. w/o you I would have never make up in time to go to lunch. You know I have never seen you before this year But boy, am I glad I got to meet you. You are such an interesting person! I wish that I could have gotten to know you been better. Well, I know that you like Christian music and that you listen to KYNS. So does that mean you are a good christian also. All I know is that you are just wonderful and adorable. One of these days during the summer you are going to have to call me up and take me to one of that Concerts because I have never heard it. One else you are going to have to sit down with me and explain to me what christianity because I have been going to church but never really got involved. So do call me over the summer and we'll talke about it. Boy, doesn't that sound exciting. O H! well; don't worry about not doing well in math, I know you have great talent for acting and all that other stuff. School is important but [illegible]

Adrienne,
I'm sorry that we weren't able to see that much of each other this year. I wish we could have. You have been one of my better friends. I hope you have a great summer and an awesome life!!
